MAZDA PARTS CONSULTANT APPRENTICESHIP PROGRAMME

Mazda is working in partnership with Babcock, one of the UK's largest automotive apprenticeship training providers to offer you a world-class training solution. The Mazda Parts Consultant programme is a unique course, developed, managed and assessed by parts professionals with a wealth of experience and knowledge in their field.

All learning is enhanced by blending theory and practical aspects of the qualification into integrated learning modules. Your apprentices will also receive brand specific, web based learning throughout their qualification.

Qualifications

On completion of the **Apprenticeship** Programme your Parts Apprentice will receive the following:

The Benefits of Apprenticeships/VCQs

- Apprentices improve team motivation, increasing productivity, minimise staff turnover and help overcome skill shortages.
- By employing an Apprentice you can harness fresh talent that has a high chance of staying with the brand.
- As all Apprentices are assessed against Accredited Technician Status, you will have a competitive edge within your network and overall, a higher productivity ratio.
- Our Apprentices attend a formal induction day for the Mazda Advanced Apprenticeship programme. Employers and parents are also welcome. This day is a great kick start to the programme and helps Apprentices to comfortably settle into their qualification.
- We celebrate and recognise Apprentices success by holding a Graduation event for all those that complete their Level 3. This is a great day, enjoyed by all.
- Our recruitment team are on hand to find the best candidates to fulfil businesses requirements, working closely with you and your management team from start to finish.
